Mary Frank	Teacher Representative & Communications Director
Hasan Khan	Student Representative

Number of Meetings Held in the School Year	10
---	----

Highlights of the School Council Year

Meeting virtually as required and in person when permitted, the WHS Council discussed a wide variety of topics related to the operation of the school and supporting the and staff. The trustee, student union representative, teacher representative, and principal provided monthly reports on school projects and opportunities. Council parents looked for opportunities to support the school, students, and staff to improve their scholastic careers. The School Council supplied a recognition lunch to staff at the end of a difficult and stressful year.

Areas of Opportunity for Growth as a School Council

The Wainwright High School Council could benefit from some of the resources offered by the ASCA in their council training programs.
